

TOMSON s.n.c. by Tomasini Ivano

INDUSTRIAL TECHNICAL ARTICLES AND RUBBER SEALS

-MORE THAN 40 YEARS OF EXPERIENCE IN THE INDUSTRY-

TOMSON is a company that specializes in the manufacture of industrial technical items PRINTED AND MOLDED IN RUBBER AND SILICONE, EXTRUDED, EXPANDED AND COMPACT PROFILES, HALF CUT.

TOMSON is founded in 1974, specializes over the years in molding, making OR, SEALING RINGS, DE, DI, UM, RUBBER METAL MOLDED ARTICLES.

Blade cutting and water jet to make rubber gaskets according to design, used in a variety of industries, complete our range of industrial technical items.

We have invested in SOLAR technology, our PHOTOVOLTAIC plants,

make us environmentally friendly and independent!
